These are the instructions for the 25 day Northpole Favorites kit! This kit is intended to start December 1st and end Christmas Day, although we did include a few extras! Before you start, you will need a bag of small marshmallows for a couple of the days. If you have ANY questions or issues, please feel free to dm me @crispcollectiveig or email info@crispcollective.org. We will also be “elfing” together on my [,](#) so I hope you’ll join us! It makes this SO much more fun!

Extras in the Bag Labeled Days 1-6

In this bag you should find these cards that say Claus Pause. These are not assigned to any specific day. They are just a fun way to leave your child individual notes throughout the month! There should be two per kid.

Your elf will be ready for Christmas in style with these green sneakers!
Loosen the laces and place your elf's foot inside!

You will also find FOUR blank cards throughout the kit to use as you please
should you want to add a personal note to any of the days!

Day 1 :

Supplies: Reindeer body, reindeer legs (2)- these are located at the bottom of your box. Hello deer card, wooden easel and straw from the bag labeled, “Days 1-6”

Instructions: Find the valve on each of your reindeer balloon parts. Insert the paper straw into the valve and blow up your three balloon parts. The valve will seal when you pull the straw out. Insert the legs into the slits on the reindeer body. Place your elf on top. Place the card on the easel. Let's get this party started!

We print this on heavy cardstock so it makes a sweet keepsake 😊

Another idea: I hung the elf from a book and flipped the books and toys upside down. You could also hang him from a kitchen or bathroom cabinet and turn items in those rooms upside down! Whatever is easiest for you and get a giggle!

Day 6:

Supplies: Merry and bright card, mini shades, magic glasses
